

Tell the Truth

Lesson #13 “Ordinary Christian Can Witness”

□ Read the first part of chapter Twelve (pages 159-169) and answer the following questions.

1) What tool has Satan used to muffle, if not silence, our witnessing for Christ?

2) How has the term “*Tolerance*” changed?

3) How is evangelism viewed when seen as “*Proselytizing*”?

4) What is the true meaning of tolerance?

5) What does “*Speaking the Truth in love*” mean in **Ephesians 4:15**?

6) How do we avoid reaction to fads, wild clothes and other deviant behavior?

7) How does love go the harder route than the new meaning of tolerance?

8) What happens sometimes when the Holy Spirit produces conviction of their sins?

9) “We must _____ the promise that _____ is part of _____ calling.

10) “God _____ what He _____, and whatever He does is _____. There is no ‘good’ above God to which He must _____. He is _____.”

11) Why is claiming Christ as the only way, never fully answered to a nonbeliever’s satisfaction?

Quote: *“It is a question of truth, and believing doesn’t make something true, just as unbelief doesn’t necessarily make something false. Faith is not an entity separate from its object; faith is always in something. The validity of faith is determined by its object.”* **Will Metzger**

12) What are the three distinctive features of the Christian faith?

13) How can our reasoning abilities become a blight in our witnessing for Christ?
